

4th Conference on the Integration of Renewable and Distributed Energy Resources — Preliminary Schedule of Pre- and Post-Events					
Monday, December 6, 2010	8:00 AM - 12:00 PM	Workshop: R&D Collaboration for DG-Ready Grid Architecture (8:00 AM - 12:30 PM)		Tutorial: Technology-specific Overviews: PV, Wind	Tutorial: Distribution Grid Codes for High Penetration DER
	1:00 PM - 5:00 PM	Workshop: Inverter Communications Coordination Meeting	Workshop: Solar Variability and Resource Prediction / Monitoring (1:00 PM - 5:15 PM)	Tutorial: Technology-specific Overviews: CHP, Energy Storage (1:00 PM - 4:00 PM)	Tutorial: The OpenDSS Application: A tool for better understanding DER and storage interactions on the distribution system
	4:00 PM - 7:00 PM	Technical Tour: Hotel Andaluz (~1 hour per tour)			
Friday, December 10, 2010	8:00 AM - 12:00 PM	Workshop: EPRI, DOE, and International Smart Grid Project Reviews (8:00 AM - 4:20 PM)	Technical Tour: Sandia National Laboratories (7:30 AM - 2:00 PM)	Technical Tour: PNM Control Room and Intel Labs' Energy Systems Research Center (9:00 AM - 2:30 PM)	
	1:00 PM - 4:00 PM				

**Notes:**

Workshops have a registration fee of \$25.

Tutorials have a registration fee of \$100 if purchased before end-October, \$125 if purchased after.

Unless otherwise stated, technical tours also have registration fees ranging between \$35 and \$50.
